Project: Mission Ln, Florence KY, 41042

Building Type: Commercial

Date

April 7, 2014

Services Performed By:

Parjana Distribution, LLC.
 1274 Library Street, Suite 600
 Detroit, MI 48226

Services Performed For:

Trellis Appt
 Mission Ln,
 Florence KY, 41042

Statement of Problem: The problem at this site is on the northwest side of the condominium buildings. On the northwest side of the buildings the ground becomes saturated and standing water sits for 5-10 days after a heavy rain. After heavy rainfall some of the standing water can flow into the north corner entrance into the building west to the newly paved asphalt.

Quotation:

Quotation:

Engineering Notes: The goal an installation on this site is to remove standing water and heavily saturated soils within 48hours and to reduce the incidents where water is entering the building. The installation could occur directly over the problem areas. The installation would require 40' EGRP.
